

Mandatory company information - new BRP/BSP

To be registered as an actor, it is required that:

- The company is familiar with relevant market regulations:
- The company can provide the necessary financial security to Energinet
- The company is registered with eSett (can be initiated in parallel with the onboarding at Energinet)
- The company's facilities and plants must be registered with Datahub
- All facilities and plants that are to deliver ancillary services must be prequalified to do so
